Manager ITS eResearch, Jakub Szarlat, shares
how WEHI expanded and accelerated their
research capability in computational biology.

Quantum®

ABOUT THE PRESENTER: Mr. Jakub Szarlak is the eResearch Systems Manager at the Walter and Eliza Hall Institute of Medical Research. He leads a team of IT professionals which built the Institute's high-performance computing cloud and provides solutions to meet the computational needs of researchers in a constantly evolving environment.

About Quantum:

Quantum is a leading expert in scale-out tiered storage, archive and data protection, providing high-performance solutions for capturing, sharing and preserving digital assets in demanding workflows.

About Xenon Systems:

XENON delivers high-performance computing hardware and software. Whether for science, medicine, or industry, XENON can tailor solutions for a variety of data-intensive applications.
